Fig.10

ADJUSTING THE CABLE TENSION: Pull the cable out of hole (C) then thread it through the pin (D) so as to increase its tension, then tighten the ferrule. If necessary, do the same at the bottom, moving the cable from hole (H) to hole (I); then tighten the ferrule.

Connect the plug of the new body lamp to the dimmer unit by rotating it 90° clockwise. (Fig.1 page 9)

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off. For the installation of the spare-part, it is necessary to consult a qualified electrician.
