

RF6110800

Kit with brass wire clamps and screws

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF6110800

Kit with brass wire clamps and screws

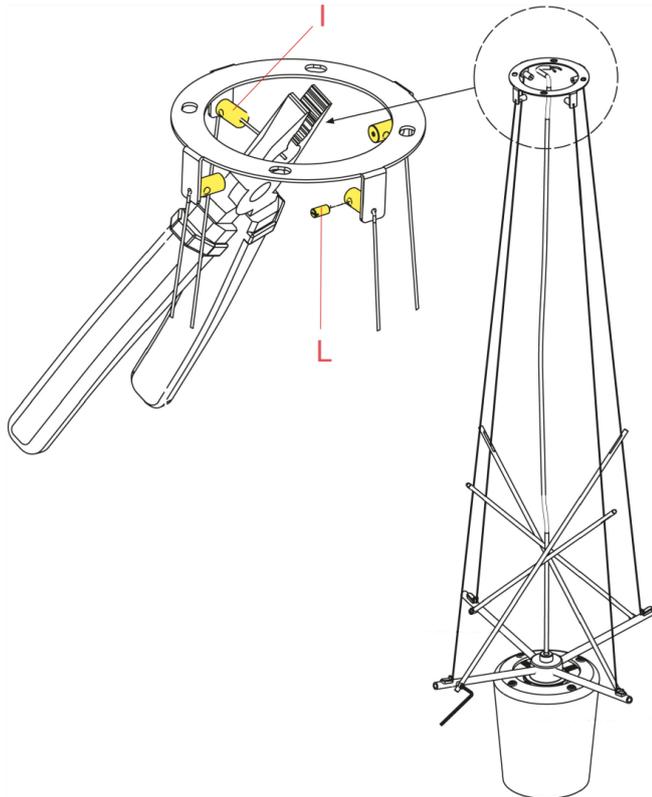

Fig.1

Insert the steel wires through the relevant cable-clamps (I) of the control ring, as shown in the image. Adjust them to the desired length and cut off any excess. Fix in place by tightening the screws (L).

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off. For the installation of the spare-part, it is necessary to consult a qualified electrician.
