For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF04828

Ariette 1/2/3 Tube for rod Ariette 1

Fig.1

Fig.1

The tube (long 50 cm) needs to be cut in pieces of 2,5 cm and then it is necessary to insert 2 tubes at a time on the ends of Ariette 1 rods (refer to the photo below).

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.
