Ok White extrusion

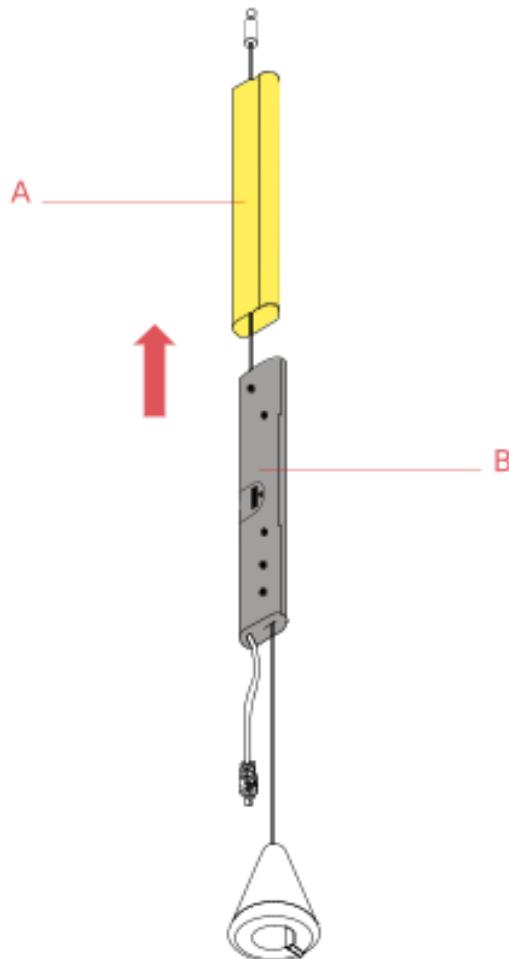

Fig.3

Unlock the damaged extrusion (A) from the central lamp body (B) and slide it off the suspension steel wire.

Assemble now the new spare-part:

Install the new extrusion (A) by sliding it through the suspension steel wire and locking it on the central body (B).

Hook the steel wire end (C) to the open ring (A). (Fig.2 page 2)

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off. For the installation of the spare-part, it is necessary to consult a qualified electrician.
