RF04487

Porcelain E27 lamp holder

Fig.6

Fig.7

Assemble now the new spare-part:

Connect the electrical wires (D) of the lamp holder by respecting the polarities (E) indicated in correspondence of the connection terminal.

Connect the Brown (live) wire in the terminal indicated with "L" and then connect the Blue (neutral) wire in the other terminal indicated with "N".

Fix the lamp holder to the body by fastening the two screws (C).(Fig.2-3 page 2)

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF04487

Porcelain E27 lamp holder

Fig.8

Fig.9

Assemble the type of diffuser on the lamp body ensuring that it corresponds with the reference pin (E) of the diffuser and with the opening (F) present of the lamp body. Insert the head of the three screws (G) into their appropriate slots (H) of the lamp body.

Rotate the diffuser clockwise until it locks in position (to turn the diffuser, utilize the eternal part of the diffuser).

The diffuser type and the relative assembly are located and indicated by the Fig.8 proper label (L);

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF04487

Porcelain E27 lamp holder

Fig.1

Verify that the lamp-bulb has been removed from the device.

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF04487

Porcelain E27 lamp holder

Fig.2

Remove the diffuser (D) from its support (A).

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF04487

Porcelain E27 lamp holder

**Fig.3**

Unfasten the three screws (C) inside the diffuser support (A), by utilizing an Allen key and then remove the diffuser support (A) from the unit (B).

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF04487

Porcelain E27 lamp holder

Fig.4

Fig.5

Fig.6

Unfasten the two lateral screws (E) of the lamp holder protection cover.
Lift up the lamp holder protection cover and unfasten the screws (F) of the cable clamp.
Unfasten the lamp holder fixing screws (G).

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF04487

Porcelain E27 lamp holder

Fig.7

Fig.8

Disconnect the electrical wires (H) from the lamp holder terminals (I).

Assemble now the new spare-part:

Connect the electrical wires (H) of the lamp holder by respecting the polarities (I) indicated in correspondence of the connection terminal.

Connect the Brown (live) wire in the terminal indicated with "L" and then connect the Blue (neutral) wire in the other terminal indicated with "N".

Fasten the lamp holder fixing screws (G).(Fig.6 page 9)

Clamp the cable by fastening the screws (F) of the cable clamp.(Fig.5 page 9)

Assemble the protection cover by fastening the two lateral screws (E).(Fig.4 page 9)

Collocate the diffuser (D) on the diffuser support (A).(Fig.2 page 7)

Insert the lamp-bulb. (Fig.1 page 6)

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF04487

Porcelain E27 lamp holder

**Fig.1**

Remove the diffuser (I) by unhooking the three arms (P).

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

RF04487

Porcelain E27 lamp holder

Fig.2

Fig.3

Unfasten the two screws (B) of the lamp holder (A).

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.
