

ARRANGEMENTS RECESSED ROSE UL BLK

Designed by Michael Anastassiades, 2018

Recessed canopy component only for Flos Arrangements Pendant. Please use the Arrangements configurator to build your own custom creation. Designed by Michael Anastassiades, this modular system of geometric light elements that can be combined in different ways, creating multiple compositions into individual chandeliers. Each unit simply attaches onto the previous one as if resting, balancing perfectly as a part of a glowing chain. You can choose any combination with the caveat that there can only be one 'line' or 'broken line' and when you attach it, it must go at the bottom. Create your own using our configurator, [click here](#).
