## Clessidra 40°+40°

Designed by Antonio Citterio, 2011

Inspired by the shape of the hourglass, the Clessidra lamp from Antonio Citterio emits diffused direct and indirect light. This stunning wall light has a body made of die-cast aluminum with a powder-coated finish and a diffuser in PMMA (Polymethyl methacrylate). There is an aluminum wall attachment. The cover is in PA66. The fixture has a moisture rating of IP55. A back-plate\* with a brown finish is included to cover the junction box. Clessidra also has non-replaceable, specially designed high-efficiency lenses. Clessidra is an elegant option for illuminating hallways and outdoor spaces. It features an LED light source, and the fixture is non-dimmable. The Clessidra outdoor wall light is available in two beam spreads: • Outdoor: 20 + 20; Outdoor: 40 + 40. Choose from three finishes: white, grey or deep brown. This wall light is also available as an indoor fixture with different finishes. \*Back plate not shown in the image.

### Main specifications

EAN	8059607010754
Mounting	Wall
Environments	Indoor wet location
Light Source Type	LED
Light sources included	Yes
LED type	LED array
Power (W)	10
System flux (lm)	601

### Physical

Color	Deep Brown
Length (in)	2.99
Net weight (lb)	3.31
Gross weight (lb)	4.3
Package volume (in)	302.56
IP internal	55

## Schematic light drawing

## Photometric

Lighting type	Direct, Indirect
Light distribution	Symmetric
CCT (K)	3000
Extreme cut off	No

## Electrical

Insulation class	I
Frequency (Hz)	50/60
Main voltage (Vac)	100-240
Driver	Integrated
Dimmable	No
Dimming type	Non Dimmable
Dimming interface	Not Dimmable
Batteries inside	No

## Notes

Compliance: ADA

## Ecodesign and Energy Labelling

This product contains a light source of energy efficiency class E
