

Coordinates Ceiling 4

Designed by Michael Anastassiades, 2020

157W - 8830lm - 2700K - CRI> 95

Ceiling-mounted lighting system emitting diffused light. Composed of horizontal and vertical luminaires arranged in a grid. Elements made of extruded anodised aluminium with a platinum optical silicone diffuser housing an integrated LED strip. Invisible electrical and mechanical connection. Each configuration includes a ceiling rose with integrated electronics for push, 1–10 V or DALI dimming.

Part of the Coordinates family by Michael Anastassiades, Coordinates Ceiling distils the system's illuminated grid into an architectural ceiling composition. Evolving from a commission for the historic Four Seasons restaurant in New York, Coordinates takes inspiration from the Cartesian grid, translating pure mathematical precision into light. Its modular, scalable system allows configurations ranging from minimal arrangements to complex installations. Elegant, imposing and expressive, it brings geometry to life within any space.
