## Glo-Ball Floor 3

Designed by Jasper Morrison, 1998

Halogen - 150W

Part of a best-selling series, the Glo-Ball Floor was created in 1998 by English designer Jasper Morrison to invoke the radiant calm of a full moon. This contemporary floor lamp fits naturally into any design aesthetic, emitting a warm, diffused light that is ideal as a subtle up-lighter. It features a hand-blown, etched white opaline glass diffuser that is supported by a matte silver or black stem and base. Made from high-quality glass and steel, this opal-finish contemporary floor lamp is ideal for a variety of residential or commercial settings. The unique Glo-Ball floor lamp is available in three models with a matte silver or black finish: Glo-Ball F1: Height 53.14" Glo-Ball F2: Height 68.89" Glo-Ball F3: Height 72.83" Inspired by the soft and serene glow of a full moon in a clear sky, Jasper Morrison created the Glo-Ball series to illuminate the otherworldly magic of the night. Jasper Morrison describes his designs as "supernormal," meaning they are highly functional. Discover the entire collection here.
