Kelvin Edge Base

Designed by Antonio Citterio, 2015

7W - 306lm - 2700-3200K - CRI> 90

The newest addition to the popular Kelvin LED family, the Kelvin Edge offers the innovation and sleek design of the collection in a smaller package-without sacrificing output. Featuring the exclusive Edge Lighting Technology™; from which it takes its name, this table lamp combines efficiency with light intensity and emission magnitude to create the balanced, brilliant glow you'd expect from a much larger light. The Kelvin Edge features an aluminum painted or chromed body with die-cast head, joints, and forks, and extruded arms. Its diffuser's perimeter is photoengraved polycarbonate (PC) and aluminate. It offers direct light via innovative Edge Lighting Technology™; and the optical switch sensor on the lamp's head provides a three-step dimming function and color temperature adjustment at 2700K or 3200K. The power cord measures 150 cm, and the plug-in power supply includes interchangeable plugs. Inspiration behind the design: Blending an industrial style with the latest technology, the Kelvin Edge proves that "petite" can be unexpectedly powerful. "Products are ever more surprising from a technical standpoint as their size gets smaller and smaller," says designer Antonio Citterio. "Through highly sophisticated work of miniaturization on the details, [this design] is increasingly aligned with the evolution of aesthetic perception in our time."

Main specifications

EAN	8059607004586
Mounting	Table
Environments	Indoor dry location
Light Source Type	LED
Light sources included	Yes
LED type	LED Module
Power (W)	7
System flux (lm)	306

Physical

Color	Black
Length (in)	18.62
Cord color	Black
Net weight (lb)	8.6
Gross weight (lb)	10.69
Package volume (in)	1443.77
IP internal	20

Schematic light drawing

Photometric

Lighting type	Direct
Light distribution	Symmetric
CCT (K)	2700-3200
CRI>	90
Extreme cut off	No

Electrical

Insulation class	III
Frequency (Hz)	50/60
Main voltage (Vac)	100-240
Driver	Remote included
Dimmable	Yes
Dimming type	Electronic 24V
Dimming interface	Dimmer Integrated
Plug type	Type A, Type C, Type G
Batteries inside	No

Ecodesign and Energy Labelling

This product contains a light source of energy efficiency class E
