# FLOS

F3311009 White

Kelvin Led Base
Designed by Antonio Citterio/assistant Toan Nguyen, 2009

8W - 285lm - 3000K

Adjustable table lamp providing direct lighting, with double pantograph arm and adjustable head. Fused aluminum alloy body. Die-cast aluminum outer head, with injection-molded methacrylate diffuser. BASE external cover in ABS. Extruded aluminum alloy square tube (12x12mm) structure, machined mechanically, so that it houses a stainless steel load-compensation spring and injection-molded acetal resin sliding blocks. 3 mm diameter wire outer tie rods. Available in white, anthracite, black or chrome finishes. The ON/OFF switch is electronic with optical mechanism located in the head. Two possibilities to choose: - PERSONAL MODE (orange switch) Dimm the light intensity you like. - GREEN MODE (green switch) Now Kelvin LED becomes Green, saving even more energy thanks to his automatic compensation of the ambience light.
