Lampadina

Designed by Achille Castiglioni, 1972

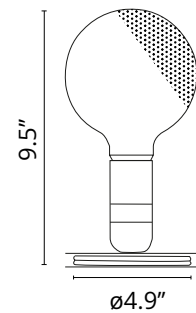

LED retrofit - 2W - 241lm - 2700K

Its name means, literally, "bulb," and it's easy to see why with one look at this playful 1972 Achille Castiglioni design. This unique table lamp provides direct and diffused light through a partly sandblasted clear globe. Its base is anodized aluminum and contains the excess power cord. There is an on/off switch on the lamp holder. Inspiration behind the design: Artist Achille Castiglioni had a knack for offering a new perspective on the most humble of objects. Here, the result feels especially "meta" as he plays with the concept of light through a recreation of a light bulb.

Main specifications

EAN	8059607029022
Mounting	Table
Environments	Indoor dry location
Light Source Type	Bulb
Light sources included	Yes
Lamp category	LED retrofit
Lamp type	G125
Lamp holders	E26
Bulb finish	Semifrosted
Number of lamps	1
Power (W)	2
System flux (lm)	241

Physical

Color	Black
Length (in)	4.92
Cord color	Black
Cord length (in)	90.551
Net weight (lb)	0.73
Gross weight (lb)	1.61
Package height (in)	9.84
Package width (in)	5.51
Package length (in)	5.71
Package volume (in)	309.7
IP internal	20
