

Maap W3

Designed by Erwan Bouroullec, 2026

LED retrofit - 12 x 240W

Wall lamp emitting diffused light. LED sources mounted on an iron support fixed to a round iron back plate. Lamp body in ultra-lightweight tear-resistant fibre material. Casing magnetically secured to the metal frame using large magnetic buttons. Designed to be manually crumpled to create its final form.

Maap by Erwan Bouroullec brings together three recurring themes in his work: geometry, natural structures and lightness. Conceived as an expansive surface of illumination, its ultralight, paper-like membrane must be crumpled during installation, confronting precise geometry with unpredictability and forming a luminous landscape that can be endlessly reshaped. Resembling a cloud of organic light, Maap diffuses a soft, immersive glow over a broad area with a design that is both radically simple and inherently complex.

Main specifications

EAN	8059607082065
Mounting	Wall
Environments	Indoor dry location
Light Source Type	Bulb
Light sources included	No
Lamp category	LED retrofit
Lamp holders	E26
Number of lamps	12
Power (W)	240
System power (W)	240

Physical

Length (in)	125.98
Net weight (lb)	23.81
Gross weight (lb)	34.7
Package volume (in)	8864.71
IP internal	20

Photometric

Lighting type	Total
Light distribution	Asymmetric
Extreme cut off	No

Electrical

Insulation class	II
Frequency (Hz)	60
Main voltage (Vac)	120
Dimmable	Yes
Dimming interface	Remote Dimmable (Dimmer Not Included)
Batteries inside	No

Bulbs

INCLUDED

RF34655

15W E26 T38 Led Lamp

INCLUDED
