

Noctambule Suspension 2 Low Cylinder Cone

Designed by Konstantin Grcic, 2019

45W - 1259lm - 2700K - CRI> 90

Interior Design's 2019 Best of Year Awards Winner Another pioneering lighting design in the array of lamps and lighting fixtures FLOS is known for, Noctambule LED dimmable pendant light with tall cylinders is one of designer Konstantin Grcic's finest creations. Adaptable to any interior space, this dynamic fixture can be configured as a pendant lamp or standing light using the additional components available with the product. Inspired by night owls, Noctambule by Konstantin Grcic features a transparent body that almost blends into a room when unlit, but makes its presence known when it illuminates at night. Available in a variety of unique and distinct design options, Noctambule pendant lamp by FLOS comes with a cylindrical body (at a low or high height) that can be combined with a dome or cone shaped head in case you require a more direct lighting source. Its dimming capabilities can be controlled from the power unit with the ceiling rose or the pedal operated panel in the power cord.
