Main specifications

EAN8054793204345

Physical

Color	Anodized Black
Net weight (lb)	0.79
Gross weight (lb)	0.88
Package height (in)	23.03
Package width (in)	4.53
Package length (in)	4.53
Package volume (in)	472.14

Photometric

Extreme cut offNo

Electrical

Emergency typeNo

Notes

Carefully install and maintain the fixtures to avoid damaging the coating.

For LED fixtures, most problems are tied to electrical issues related to the insulation, which may cause destructive electrical discharges.

These are frequently caused by:

- power surges from the power network where fixture is connected.
- electrostatic discharge (ESD) from the environment.

We recommend installing a power-surge protection device on the fixture to reduce the intensity of these effects and prevent irreversible damages. The specific device should be chosen based on the electrical characteristics.
