Main specifications

EAN 8054793204406

Physical

Color Anodized Black

Net weight (lb) 0.79

Gross weight (lb) 0.88

Package height (in) 4.61

Package width (in) 39.76

Package length (in) 4.53

Package volume (in) 829.32

Electrical

Emergency type No

Notes

Carefully install and maintain the fixtures to avoid damaging the coating.

For LED fixtures, most problems are tied to electrical issues related to the insulation, which may cause destructive electrical discharges.

These are frequently caused by:

- power surges from the power network where fixture is connected.
- electrostatic discharge (ESD) from the environment.

We recommend installing a power-surge protection device on the fixture to reduce the intensity of these effects and prevent irreversible damages. The specific device should be chosen based on the electrical characteristics.
