

Smithfield Ceiling

Designed by Jasper Morrison, 2009

Incandescent - 4 x 60W

Ceiling-mounted lamp emitting direct light. Features an aluminium body with an injection-moulded opalescent methacrylate diffuser. Steel ceiling and wall attachment.

Part of the Smithfield family by Jasper Morrison, Smithfield Ceiling draws inspiration from the industrial lighting of London's historic Smithfield Market. True to Morrison's Super Normal design philosophy, it balances utilitarian character with refined simplicity. The ceiling-mounted version retains the generous form of the suspension lamp in a clean, space-conscious solution. With its combination of technical performance and understated presence, Smithfield Ceiling is equally suited to both domestic and commercial environments.
