45W - 2793lm - 2700K - CRI> 90

Interior Design's 2021 Best of Year Awards Winner Designed by Formafantasma, Wireline sits somewhere between artistic expression and industrial design. Designers Andrea Trimarchi and Simone Farresin's latest creation for Flos represents their design ethos and aesthetic values, where functionality meets the unexpected. It's a piece that neatly fits within the studio's universe, where design, social responsibility, and ecology collide. Designers Formafantasma explores the contrast between the industrial feel of rubber and the lightness of glass with Wireline. Wireline is a suspension light that providing diffused light. The diffuser is inside the transparent tubular extruded glass. The cable, available in pink and forest green, is made of rubber.
