

FLOS

F1801033 Argent

Coordinates Floor

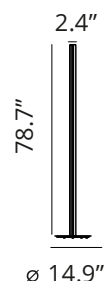

Designed by Michael Anastassiades, 2020

53W - 3049lm - 2700K - CRI> 95

Coordinates' collection consist of horizontal and vertical LED strip lights that form illuminated grid-like structures of various complexities. A vertical floor lamp model featuring a simple round base and two lighting bars, which can be set at the preferred beam angle during assembly. Available in two finishes: Champagne, a luxurious shade of pale tan-with hints of beige, and gold tones and Argent, a shiny grayish metallic silver. Height: 6.5 feet Behind the Design: This design evolved from a commission for the feature lighting of the main dining area of the historic Four Seasons restaurant in New York City. The restaurant relocated and opened in 2018 with the interiors designed by S˜o Paolo-based architect Isay Weinfeld.
