Coordinates Suspension 3

Designed by Michael Anastassiades, 2020

71W - 3850lm - 2700K - CRI > 95

Coordinates is a lighting system with diffuse light composed of horizontal and vertical luminaries arranged in a bright grid of various shapes and complexities. Each element is made of extruded anodized aluminium with a champagne or argent finish and a diffuser in platinum optical silicone with an integrated LED strip (CRI 95). Each element is powered and supported by an invisible electrical and mechanical connection designed specifically to allow for the composition of the 4 hanging models (S1, S2, S3, S4) with 2.4-m cables. Each Coordinates configuration includes its own ceiling rose, whose integrated electronics allow for the use of different dimmer systems: push, 1-10, DALI. In the absence of these systems, the amount of light can be set during installation with the push system included in the rose.
