

IC Lights C/W1 Double

Designed by Michael Anastassiades, 2020

Halogen - 2 x 75W

The latest addition to the IC Lights Collection: New IC Lights Ceiling/Wall Double comes with a double light source providing diffused light. The modern ceiling and wall sconce fixture gives a sense of serene calm and elegance to any stairwell, entryways, or hallway. New IC Lights Ceiling/Wall Double can be mounted on any wall or on the ceiling. Frame available in brass, black, chrome, and our newly launched red burgundy finish. Blown glass opal diffuser. Available in two sizes. Inspiration behind the design: Poise is powerful: That's the message Michael Anastassiades offers with his IC Light Series. From the skillful balance of the sphere and baton that invokes thoughts of a dexterous juggler's act to the lamp's name-IC, a reference to the identity code used to evaluate immigrants entering the UK-the designer makes a commanding statement. The IC Lights collection showcases designer Michael Anastassiades' love of industrial simplicity as well as his profound technical skill.
