Overlap Suspension 1

Designed by Michael Anastassiades, 2018

Halogen - 100W

Overlap, a contemporary pendant lamp by FLOS, is Michael Anastassiades' tribute to the distinct cocoon wrapping technique that the Italian designer lighting company has won several hearts and awards with. This contemporary pendant light is made from steel and cocoon, while its internal structure comprises of white powder painted steel. As the name suggests, Overlap is a modern pendant lamp by Michael Anastassiades that features two interlocking rings which intersect at right angles. This interior suspension lamp is among the latest additions to the designer's repertoire of modern pendant lighting. Providing soft, diffused light, Overlap manages to amaze and amuse in equal measure. You can see the rings try to push through the membrane, and yet, the space where the two interlock remains concealed – leaving it to your imagination!
