

# SuperWire F

Designed by Formafantasma, 2024

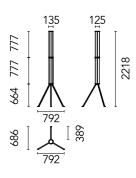

56W - 4140Im - 2700K - CRI> 90

SuperWire is the first family of modular lamps designed by Formafantasma for Flos. A magical and poetic project, with an essential design but a great stage presence, which recalls the work of the great glass masters of the last century. Made of planar glass and polished aluminum, its design originated from the development of a custom-made light source that emits a warm and homogeneous light. Made up of one or more hexagons of planar glass connected by a polished aluminum element, SuperWire lights up its entire surface thanks to a new source: a very thin, flat, soft, flexible LED strip measuring up to one meter, which emits a warm and homogeneous light along its entire length and which can be easily removed for replacement and repair, unique in the panorama of LED bulb-less lamps. This floor version, is built with two 75 cm high modules, placed one above the other, resting on a steel tripod, a tribute to the historic Luminator by the Castiglioni brothers.

Mounting instructions

# Main specifications

EAN	8059607068304 Floor	
Mounting		
Environments	Indoor dry location	
Light source type	LED	
Light sources included	Yes	
LED type	Filament LED	
Power (W)	56	
System power (W)	56	
System flux (lm)	4140	

## **Physical**

Coloui	3(66)
Length (mm)	792
Cord colour	Clear
Cord length (mm)	3000
Net weight (kg)	12
Package volume (m3)	0.14
IP internal	20

# Ecodesign and Energy Labelling

Replaceable (LED only) light source by an end-

Replaceable control gear by an end-user

## Photometric

Lighting type	Total	
Light distribution	Asymmetric	
CCT (K)	2700	
CRI>	90	
Extreme cut off	No	

## Electrical

Insulation class	III	
Frequency (Hz)	50/60	
Main voltage (Vac)	100-240	
Power supply	Remote included	
Dimmable	Yes	
Power supply type	Dimmable	
Dimming interface	Dimmer Integrated	
Plug type	Type G, Type A, Type C	
Batteries inside	No
